LUMPS AND BUMPS FOR THE GENERAL DENTIST

Presented by Shelley L. Seidel, D.D.S., M.D.

Seidel

The Greater Houston Dental Society's Recruitment and Retention Committee is excited to offer our first in a series of Study Clubs geared toward interactive learning and information that you can utilize everyday in your practice. We also encourage you to bring cases from your practice to discuss.

Course description: Dr. Shelley Seidel is a local Oral and Maxillofacial Surgeon. She will be presenting on variations of common soft and hard tissue pathology routinely seen by general dentists. This is not a lecture on surgical cures, but rather diagnosis and understanding of the disease process. She welcomes your cases as part of the discussion.

Dr. Shelley Seidel obtained her DDS degree from the University of Texas School of Dentistry in 1999. She continued her studies in Oral and Maxillofacial Surgery also at the University of Texas School of Dentistry Oral and Maxillofacial Surgery Department. She completed the dual degree program earning a medical degree and her certificate in OMFS in 2005. Since that time, she has been in private practice in Houston. Currently, she serves as the Second Vice President of the GHDS.

The Greater Houston Dental Society is an ADA CERP Provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. The Greater Houston Dental Society designates this activity for 1.5 continuing education credits.

ADA CERP® Continuing Education Recognition Program
