

NOW IS A TOUGH TIME

by Duc "Duke" M. Ho, DDS, FAGD
8th District PAC Representative

Ho

It's a tough time for practices, for dentists, for team members and for our families. It is a tough time for organized dentistry, the volunteers who give their free time, the staff who work long nights making calls to members or legislators, and for the members (and non-members) who benefit from those efforts.

First and foremost. Thank you.

Thank you for being involved, continuing your membership and trusting the process.

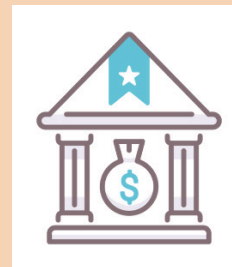

Your continued faith and trust resulted in:

1. Return to Work Guidelines developed by the Texas Dental Association that was the **template for many other states**
2. Direct communication between both the Governor's office and the State Dental Board
3. Opening during Phase I of the Governor's Reopening Texas Plan with a few reasonable restrictions
4. Continued participation with the Texas Health Care Industry Strike Force on COVID-19
5. Distribution of available Personal Protective Equipment (PPE) – specifically N95 masks - from the state directly

Second: We need your continued support.

Asking for political contributions to a PAC is hard during normal times – and these are not normal times. However, your continued contributions, **regardless if big or small**, make a difference. And if you don't have money, please consider donating your time and make the calls to legislators that need to be made.

We must always be thankful for the past, but remember that the future is never promised. It is our responsibility to protect our patients and our profession.
