

# GHDS EMERGENCY REFERRAL CALL LIST

As one of its membership benefits and as a service to the community, the Greater Houston Dental Society offers an emergency referral service for evening and weekend hours. This service provides referrals for individuals needing emergency dental care. There is no fee for this service.

This is a good opportunity for new dentists, who are working to build their practice, to establish contact with potential patients, in addition to providing a much needed service to the community.

In order to participate, you must:

- (1) Provide a phone number (your answering service, beeper, cell phone, etc.) where you can be reached during the evening and weekend hours.
- (2) Take responsibility for all financial arrangements for the emergency dental care.
- (3) Remember, **THIS IS NOT AN 8a.m. to 5p.m., MONDAY THROUGH FRIDAY, EMERGENCY CALL LIST.** We provide referrals to all our members during these hours, but we need your help for emergencies during the evening and weekend hours.
- (4) Please fill out the form below and email, fax or mail to the Society office. Please be sure to check on the form the surrounding area(s) that would be convenient to your office. Response to this request will generate a new emergency call list. Even if you signed up to participate last year, YOU MUST SIGN UP AGAIN FOR THE NEW LIST.
