

# Greater Houston Dental Alliance

## Mission Statement:

*To provide support for the spouses of Greater Houston Dental Society members through education, fellowship, and service; to foster the positive image of organized dentistry; to assist in the activities of the Greater Houston Dental Society and to provide community support through our philanthropic efforts.*

Dental Health activities are coordinated through the GHDS Dental Health Committee with a committee of dental professionals. Alliance Member, Mrs. Jacque Dyer is serving on this active committee. It is our goal to continue our visibility in service as we partner with organized dentistry to serve the needs of the profession and our community.
